Bay Area LMR 700/800 TRS Subscriber Vendor Show

Alameda County Office of Homeland Security and Emergency Services
4985 Broder Blvd.
Dublin CA. 94568

July 27. 2009 0900- 1200

The EBRCSA will be hosting a small vendor show on July 27, 2009 at the Alameda County OES EOC. There are currently four different trunked radio systems being built within the Bay Area. Each system is at different stages of completion, but every agency within the Bay Area will need to evaluate subscriber unit needs.

The intent of this show is to allow local government agencies to evaluate what (*MULTIBAND & SINGLE BAND*) mobile and portable radios are available to be used on the new systems. This will also give you the opportunity to see what will work with your current system(s) and what your migration path will be to the new system(s) when they are fully implemented.

The manufactures that will be represented are:

RELM WIRELESS (BK)

THALES

HARRIS

MOTOROLA

MA-COM

The show will be from 0900 to 1200 in the large conference room to the left of the main entrance into the building. This is open to any local government personnel. Parking is available on the west side of the building.

Please contact me if you have any questions at (925) 941-3553 or email: kkerw@cccfd.org

Thank you

Kody W. Kerwin
